or [Mary Rauh](#), Co-Chairperson

We are a group of parent volunteers who work with the Performing Arts Department at Brookline High School. We are a committee of the Brookline High School PTO. We support the program through publicity, hospitality, and whatever other tasks are appropriate. Fundraising is a small part of our activity at the present, but we may chose to do more in t he future. Specifically , we provide regular information to the TAB and BATV about performances and achievements at the high school and we distribute a calendar of events, a newsletter, and flyers to elementary schools and religious institutions. We provide refreshments and ticket sales or ushering at events, and maintain an email list of volunteers who can be called upon for help as the department asks.

Ongoing or annual events:

We have no particular events of our own, but the Performing Arts Department offers over a fifty performances in a school year.
